About Dr. DYPDPU School of Management and Research :

Dr. D. Y. Patil Dnyan Prasad University's (DYPDPU) School of Management and Research (SMR) is dedicated to transforming management education in India with a vision to become a leading business school. As a vital part of the esteemed DYPDPU, SMR blends academic rigor with a dynamic learning environment to nurture future-ready leaders for the global business arena. The school features modern infrastructure and a renowned faculty of scholars and industry experts who deliver innovative, industry-aligned programs tailored to evolving corporate needs. To Emphasize on experiential learning, the curriculum equips students with practical insights and strategic thinking abilities, preparing them to tackle real-world business challenges. Designed to meet international standards, the program ensures students are well-prepared to thrive in competitive business settings. Strategic partnerships with top organizations further enhance students' transition into the corporate world, offering them a significant advantage. Committed to fostering innovation, critical thinking, and entrepreneurship, SMR continues its pursuit of excellence, aiming to develop leaders capable of driving sustainable growth and innovation in a rapidly changing global landscape.

Course Program

FDP split into three parts (Total 40 Hours):

1. Lectures
2. Labs/Hands- on session daily
3. Assignment and Project

Course Objective

1. Equip participants with essential knowledge and skills in research methodology and ethics.
2. Enable systematic literature reviews and identification of research gaps.
3. Develop strong research designs, hypotheses, and data collection techniques.
4. Impart knowledge on data analysis methods for both quantitative and qualitative research.
5. Provide guidance on structuring and publishing research papers in high-impact journals.
6. Familiarize participants with research proposal writing and funding opportunities.

Course Outcome

By the end of the course, participants will:

1. Understand fundamental research concepts, paradigms, and ethical practices.
2. Conduct thorough literature reviews and identify research gaps effectively.
3. Design robust research frameworks and develop testable hypotheses.
4. Apply appropriate data collection and analysis techniques using modern tools.
5. Draft and publish high-quality research papers in reputed journals.
6. Write compelling research proposals and identify suitable funding sources.

Pre-Requisites

1. Basic understanding of academic research concepts.
2. Familiarity with standard office software (e.g., MS Word, Excel).
3. Enthusiasm to explore research tools such as Google Scholar, SPSS, R, or Python.
4. Strong interest in academic writing and publishing.
